Dear Sir/mam

Allow us to introduce our company name SUNFLEX RUBBER

We are the renowned and leading manufacturer of rubber flooring, Interlocking rubber tiles, rubber pavers, crumb rubber granules, epdm rubber granules, Ballistic tiles and more more products which are available under the brand name of SUNFLEX.

Rubber Tiles are extremely popular choice for commercial gyms, children play area, swimming pool area, horse stables, residential segments for rubber pavers and many more application where safety required the most.

Company has well setup manufacturing facility located at Ahmedabad, Gujarat, India with 3 manufacturing units.

Sunflex rubber have fully tire recycling machinery to produce our own crumb rubber granules with good quality and precise range particularly for rubber tiles.

We understand the importance of material quality that is used to make quality rubber tiles. To ensure the good quality we have also setup our own epdm rubber granules manufacturing unit that is used for poured places and rubber flooring.

Sunflex Rubber Tiles are ASTM and EN standard approved with worlds best laboratory test reports.

We are Exporting material globally to many different country.

We strongly believe in customer satisfaction. To fulfil the requirement of customer as per our best advisable application for the safety purposes.

We assure you that investing in our brand for rubber flooring will give you repeated orders and customers.

We have done tremendous work & project in field of commercial gyms and children play area.
